2026 BEDDING PLANT CATALOGUE
BEAUTIFUL PLANTS, LOCALLY GROWN

WELCOME TO OUR 2026 BEDDING PLANT CATALOGUE.

We're delighted to present our bedding range for 2026. We continue to see strong interest in our bedding ranges throughout the year.

Our strategy continues to target developments each year in the areas of Innovation, Quality, Efficiency and Service.

Innovation

We continue to trial new varieties across approximately ten young plant suppliers spread across the UK and Europe. We are uniquely placed to trial new varieties both on the nursery and in our show garden, where we trial all new varieties. This gives us an unrivalled view of how new plants perform throughout the year.

Some new varieties for this year;

Geraniums– We continue to develop this range across two young plant suppliers. We've added early season volume this year as we have often been short on supply. Look out for the Mojo series– compact, dark leaved geraniums with deep colours.

Nemesia– An important category which continues to grow, alongside some increasingly famous varieties such as Amelie and Wisley Vanilla, this year we add Marshmellow (L), Raspberries and Cream (M) and Coral Kiss (R).

Dahlia– Another category growing in popularity particularly in early summer. Bright colours and varied flower types makes this plant a real hit for gardeners. Look out for Cherry Blast, Dark Red, Pomegranate (See pic), Café Latte and Cabernet.
