PLANT CATALOGUE

WELCOME TO OUR 2026 PERENNIAL CATALOGUE

We continue to develop our perennial ranges, particularly in the areas of Anemone, Echinacea, Hellebores and Geum. Our range this year will also include several lines that we've been trialling typically categorised as Shrubs. These include Phormiums, Hydrangea, Cordyline and Coprosma all of which will be grown in increasing volume. In addition we have lots of new shrub lines in trial in small quantities.

ANEMONE;

Remains a key area of trial for us, this year we have 11 varieties growing commercially.

Plus we plan to grow the crop slightly differently to improve quality.

ECHINACEA;

PHORMIUM;
